Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Alpena Community College's Natural Resources and STEM Innovation Center in fiscal year 2025. The entity to receive funding for this project is Alpena Community College, located at 665 Johnson Street, Alpena, MI 49707. The funding would be used to renovate and repurpose the existing Natural Resources Center into a state of the art facility for life sciences and STEM education. The project is an appropriate use of taxpayer funds because it will allow Alpena Community College to continue to be a hub for science education, STEM talent development, and regional prosperity in NE Michigan for decades to come.

This project has a Federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a). I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Jack Bergman
Member of Congress
