The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Ironwood Newport Location Water and Wastewater Improvements. The entity to receive funding for this project is the City of Ironwood located at 213 S. Marquette Street, City of Ironwood Michigan 49938. The funding would be used for expanding the sanitary system by 4,500 ft and replacing 4,000 ft of water main. The sewer system would be expanded with 8-inch sewer main for approximately 27 residents and abandon their septic systems. The project is an appropriate use of taxpayer funds because these improvements will be made in a low to moderate income neighborhood that can help spur new development.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Jack Bergman
Member of Congress
